PONY PALS

Children up to age 7 (or until first grade) are introduced to the basics of riding in the Pony Pals program. Weekly, half-hour lessons help children gain confidence, improve balance, increase coordination, and develop self-control. Pony Pals are led on ponies or horses trained for lesson use while developing the fundamentals of riding in preparation for our regular lesson program. Lessons are private or in small groups and we encourage parents to actively participate with their children. The semester calendar and tuition rates (Level I) are the same as the other lessons.

GROUP LESSONS

All students above Hunt Seat Beginner I are in group lessons once they master maneuvering their horse/pony around other horses while in their lesson. The group lesson format is one hour of riding with approximately 15 to 60 minutes of extra time in the barn for taking care of the horse before/after the lesson. Riders in these levels may opt for private lessons if so desired.

PRIVATE LESSONS

Private lessons are for all beginner students who are not ready to ride in a group lesson format. Privates are also a great way to get ready for a show or to work on a problem. For beginning riders, they are a half hour in riding time with 15 to 30 minutes of care for the horse before/after the lesson. For more advanced riders, they are one hour in length, with half-hour lessons available if space is available in the schedule. We feel that the more advanced riders receive much more out of hour long lessons.
